If we were rich we would be with the wealthy

If we were famous we'd be there with the stars

But where do we find our Creator?

There with the broken, bearing their scars

But how can we see unless you open our eyes?
G D Em C
How can we feel unless you break our hearts?

Give us passion, compassion,
 Em C
Your dreams for your children
 G D
Give us passion, compassion
 Em C
Your hopes for this world

If we could see we would be with the lonely
If we could feel we'd be there with those displaced
For where do we find our Creator?
There with the outcasts with their tears on your face
